MOSS DESIGN / Eight-year old Ella loves acting, DIY projects, and hip-hop. When Moss Design Owner Meghan De Maria took on the task of creating a rainbow room for Ella, she knew the challenge would be maximizing every bit of space in her client's small room. Working closely with Three Beans Design/Build, they installed custom built-ins with storage for Ella's trophies and treasures, including drawers underneath. "The custom Jonathan Adler fabric was a sophisticated nod to Ella's love of rainbows, and one that will grow with her," adds De Maria. Ella's sweatshirt is by Ten Sixty Sherman and star denim leggings by JCrew (Westport).
